

Facility Suggestions -

Group: Laura Freese, Rhonda Reardon, Robb Collins, Tim Harrison, Tom O'Malley, Laurie Davies, Joe Muller.

-
- CAR - straggled start times for work. i.e. - worked during 1984 olympics in LA. Keep with incentives for the companies.
- CAR - need more options. More redundancy.
- CAR - another lane to even out Ortega to 2 lanes on each side.
- CAR 241 - Best options for terminals: (1) PICO (2) old green option line.
- CAR - mono lane for special cars. Raised lanes above existing freeway lanes for special ~~to~~ vehicles.
- TRAIN - more frequency. more frequency. more frequency.
- TRAIN - since double tracking is not option through SC + STC, do a supplemental track along 241. - an eastern option.
- TRAIN - tunnel under single track areas.
- Buses - change buses to make them more useful; more frequency.
- Bikes - No bike lane on fast moving roads, i.e. Ortega.
- Hub - San Onofre.
